PCSS News and Views

Editor's Report

March 2013

Pennsylvania Council for the Social Studies

-  To keep you informed
-  To keep you in touch
-  To keep you involved

Apologies are in order for the Winter issue of News and Views which were held up due to a trip to the hospital and the late arrival of a few needed items for that issue. Thanks to David Trevasakis for his help in up-dating the copy before it was posted. Once more....PLEASE....remember deadlines and get information to me on time. This next issue is the election issue, due to be posted by May 15. The deadline for all copy is April 15th. Sorry to have it on IRS day, but to allow time for review by board members and those who contributed information, it must be in by April 15.

Currently I am having problems downloading attachments. The problem is with yahoo and they are currently working on it. Any info should be sent within an e-mail so I can copy. The downloads are not opening. Also, I use a MAC and at time docs from other computers will not open. Please send all copy in pdf.

Feed-back about *News and Views* is very sparse. I have had two or three comments that were favorable but how many people really read it? Would it be better to have a shorter version appear more often and be delivered by e-mail? Certain features such the President's message would only appear 5 times a year as now, but other information could be posted in a more timely fashion if we increased the number of issues and decreased the number of pages.

Thanks to all who contribute and with copy and reviewing for glitches.

Respectfully submitted,

Leo R. West, Editor
