

Teaching About the Holocaust, Genocide and Human Rights

Presented by the Pennsylvania Council for the Social Studies and MORAVIAN COLLEGE

Echoes and Reflections

Participate in an interactive workshop designed to help educators teach the complex history of the Holocaust in a way that stimulates engagement and critical thinking while providing opportunities for students to see the relevance of this event to their own lives. Explore the materials from the Echoes and Reflections Teachers Resource Guide — including primary source documents, artwork, and literary selections—and learn how you can bring a Holocaust survivor, liberator, or other witness to the Holocaust into your classroom using visual history testimony. Each workshop participant will receive a copy of the Echoes and Reflections Teachers Resource Guide and learn how the teacher-friendly materials and variety of instructional strategies build historical content knowledge, address academic standards, and utilize 21st century technologies.
